

SAMPLE LETTER TO ATTORNEY GENERAL

Dear Attorney General,

I am a MA coastal property owner and a member of the Citizens for Homeowners Insurance Reform. We are continuing to fight for fair and reasonable, non excessive homeowner insurance rates and practices in coastal MA.

We feel the Commissioner of Insurance has the power and responsibility under MGL Chapter 174A to protect the citizens from insurance gouging and shift of risk. She is not doing her job.

We appreciate the work you have done for us and ask for your continued efforts to require the Commissioner of Insurance to implement the Duties of her Office to the highest level possible in order to protect the Coastal MA Citizens from Insurance injustice and greed.

We ask that you also put pressure on the Governor requiring him to mandate his appointee, the Commissioner, to implement all regulations and power of her office. The Governor must see that the Commissioner requires all data from insurers when asking for rate increases, such as expenses and profits, re-insurance contracts and make these public. She must require public hearings; improve on methods for consumer understanding of their policies, deductibles and related issues. Rule implementation must be implemented changing “wind deductibles” to “Hurricane Deductibles” triggered by Hurricanes only. These deductibles must be capped at 1%.

Most importantly, The Governor must mandate that if the Commissioner does not ask for rate hearings, the Attorney General shall have the power and responsibility to do so to protect the Citizens of Massachusetts.

Sincerely Yours,
